

Roque Othacehe

Full Stack Developer | Spring Boot & Next.js

+54 223 6680996 | roqueotha04@gmail.com | [Link to portfolio](#)

Buenos Aires, Argentina

PROFILE

Full Stack Developer with experience building projects using **Spring Boot, Next.js, and AWS**, with a strong focus on **backend development, Clean Code** principles, and **scalable architectures**. I combine my experience with my role as **programming instructor at UTN**, where I support students in their **end-to-end development training**.

PROFESSIONAL EXPERIENCE

Fullstack Developer

02 2026 – Current

Estudio Ve | [estudiove.com](#)

- Full-stack development using Next.js and Spring Boot, **from database modeling to deployment**.
- Development of **custom skills for Claude Code** to accelerate product delivery within the team.
- Deployment and management of **AWS infrastructure for production applications**.

Programming Instructor

02 2024 – Current

Universidad Tecnológica Nacional

- Programming Instructor at the Universidad Tecnológica Nacional, focused on backend development.
- Experience with groups of **up to 100 students** in subjects such as Programming III (**Spring Boot**), Programming IV (**Angular**), Databases (**MySQL**), and Systems Methodology (**Scrum and Agile**).

JAVA/SPRING BOOT PROJECTS

AVI SALUD - Web and Management System | Next.js, Spring Boot, AWS | [Link](#)

- Development of a **management system** for a home healthcare company, **centralizing patients, staff, schedules, and internal operations**.
- **Real-time alerts** for staff absences and delays **to optimize reassignment**.
- **Responsive web portal** integrated with the internal system, focused on **SEO and UX**.

STOCKEO | Next.js, Spring Boot, AWS | [Link](#)

- **B2B SaaS** for inventory and supply management, featuring a responsive frontend consuming **custom REST API**.
- **Data import (Excel/PDF)** and **Mercado Pago** integration, with **backend deployed on AWS**.

FELTON WEB | Next.js, Typescript, Tienda Nube | [Link](#)

- Development of an **e-commerce platform** integrated with **Tiendanube API**.
- Web performance optimization through **SSR and caching strategies** to improve **speed and SEO**.

EDUCATION

Associate Degree in Programming

02 2022 - 02 2024

Universidad Tecnológica Nacional.

First Certificate in English | Cambridge University english test | B2 level

SKILLS

Languages | Java, SQL, TypeScript, JavaScript.

Backend | Maven, Spring Boot, Spring Data, JPA/Hibernate, Spring Security, JWT.

Frontend | Next.js, React, Angular, HTML5, CSS, Tailwind.

Databases | MySQL, PostgreSQL, Supabase.

DevOps & Cloud | CI/CD, Github Actions, Docker, AWS (EC2, S3, RDS, IAM, Security Groups).

Testing & Tooling | Git, Postman, JUnit, Mockito, SonarQube, OWASP.
